Thank you for your interest in our therapeutic services for your child. Our dynamic, highly-skilled team of speech and language pathologists, occupational, developmental and social therapists work to enhance children's ability to engage and relate, speak and communicate, and navigate and process their environment. Since we do not participate in any health insurances or insurance networks we cannot accept assignment for insurance. Patients will submit their itemized monthly bill of services to their individual insurance carrier for reimbursement of covered services. We have prepared the following information to assist you when you speak to your insurance carrier.
